TO SOON SHOW
TEDDY'S TRAVELS
IN FAR AFRICA

"THE BULL FIGHT" WILL BE
FEATURE FILM AT THE
BUTLER TODAY.

One of the very best shows of the season was shown on the canvas at the Butler theater last night, and the large crowd present enjoyed it very much. Commencing at today's matinee there will be another entire change of program at which time the following pictures will be shown: "The Captive," drama; "Brittany Lassie," comedy; "The Door," comedy; "A Victim of Bridge," an Edison drama which is very interesting, and a big feature film entitled, "The Bull Fight," showing a real bull fight between a Spanish bull and a cowboy. This program is on for today only with an entire change of program tomorrow.

The management wishes to announce that on Saturday night, May 28th, for one day only, they will show the original pictures of Ex-President Roosevelt's travels in Africa. The Butler theater has the sole privilege of showing these pictures in Tonopah as they were taken by "Pathe," who is a member of the Motion Patents' company which controls the sole output of this subject. The price will remain the same, 10 cents. The length of the picture is three thousand feet.

DIVORCE SONG
MAKES BIG HIT
AT THE NEVADA

"I'M ON MY WAY TO RENO" EVIDENTLY APPEALS TO TONOPAH PEOPLE.

The hit of the season is a new song just published entitled "I'm On My Way to Reno," which was sung by Miss Hoffman at the Nevada theater last night. It is founded on the divorces of Nevada and the encores were so strong that it will be sung again this afternoon and evening.

The program will all be new. The pictures are direct from the home office, having just been released. It is a pleasure to hear the comments of the people leaving the theater. They appreciate the ventilation and the roomy seats and late arrivals not interfering with those present. Mons Valle will render the overture, "The Bohemian Girl." Mr. Williams in new songs and sayings. Their new motionograph machine is the latest on the market. All for 10 cents.

VOLUNTEER TEAM
RECEIVE UNIFORMS

The baseball uniforms for the Tonopah Volunteer fire department team, which were ordered a few weeks ago, have arrived and tomorrow will be on exhibition in the display windows of Rothbort brothers. The suits were ordered through this popular firm, and were manufactured by the Spalding Sporting Goods company. The uniforms present a nifty appearance and are of the substantial sort.

Freeh buttermilk at the Tonopah Dairy.

WALTER LAMB
GAINING FAME
IN RENO TOWN

LOCAL MINING MAN RUNS
AFOL OF CARTOONIST BUEL
ON GAZETTE.

With a quarter page sketch from the pen of Buel as an introductory, the following tribute is paid to Walter Lamb of this city, by the Reno Gazette as received here yesterday:

One of the biggest deals in a mining way that has held the boards in Nevada for several years has been the completion of the organization of the Manhattan Milling and Leasing company, which has lately gotten into shape for business and is now working full blast.

The moving spirit in this organization is Walter Lamb, who is spending a few days with Reno relations, preparatory to a trip to New York and other points in the east on business connected with the company of which he is the general manager.

The lease held by the company is one of the most extensive in the state, and the terms under which it is held are as liberal as its land grant. It covers all of the Manhattan Dexter estate and part of the little Grey—the two richest properties in Manhattan. On one end of the lease is the ground formerly embraced in the celebrated Plamenaz lease; on the other is the block once known as the Briggs-Evans lease. The ore on the plamenaz was sensationally high-grade, the three and one-half foot ledge yielding rock that ran from \$50 to \$5,000 per ton, and the Briggs-Evans lease was the one that caused Manhattan to boom.

Much of the ore exposed in those leases have been left for the new company to mine, and there is no doubt that a world of rich rock remains for exploitation—far more than has been hitherto taken out in all Manhattan. In fact, it is not putting it too strongly to predict that the next sensational mine in Nevada will be uncovered by the work of this company.

Walter Lamb, to whose energy and organizing ability this prospect is due, is a Renovian, having been born in this city 32 years ago. He was reared here and received his education in the University of Nevada, finishing at the George Washington university of the law in Washington and taking a special course at Harvard.

Since that time his rise has been rapid. For awhile he was private secretary to Senator Newlands, then he occupied a similar position with Thomas Taggart, who was chairman of the democratic national committee at that time and through this connection Mr. Lamb became the man in charge of the democratic headquarters in New York city at the close of the Parker campaign in 1904.

He decided to enter business on his own account and settled in Tonopah. With that town as his headquarters he branched out into the camps of Goldfield, Manhattan, Greenwater and Millets. In these ventures he made and lost three or four fortunes, ranging in size from \$62,000 to a quarter of a million.

Now he has promoted and is general manager of a property whose prospects are far better than anything with which he has hitherto been identified, and he is on "Easy street" for the rest of his days.
